

INTRODUCING THE *SANISPRAY HP™ 20*

ELECTROSTATIC PROPACK

CORDLESS DISINFECTANT SYSTEM

THE FASTEST AND MOST POWERFUL
ELECTROSTATIC SYSTEM
DESIGNED TO SPRAY-APPLY CHEMICALS
WITH
COMPLETE COVERAGE

PROVEN QUALITY. LEADING TECHNOLOGY.

SANISPRAY HP™ 20

ELECTROSTATIC PROPACK

CORDLESS DISINFECTANT SYSTEM

THE INDUSTRIES ONLY 3 IN 1 COMPLETE PORTABLE SYSTEM

1

AIRLESS DISINFECTANT HANDHELD

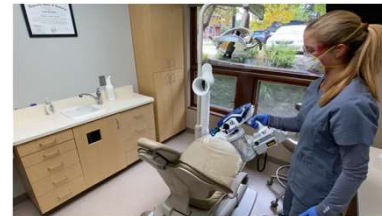

- Consistent coverage from edge to edge to meet chemical contact times

2

ELECTROSTATIC DISINFECTANT HANDHELD

- Powerful Electrostatic wrap effect to reach completely around complex objects

3

PROPACK DISINFECTANT BACKPACK

- Over 9X the capacity for higher level of productivity
- Comfortable, ergonomic and portable high production system
- QuickChange between ProPack and FlexLiner Liner System

PROVEN QUALITY. LEADING TECHNOLOGY.

***SANISPRAY HP* BREAKTHROUGH**

BUILT ON INDUSTRY PROVEN AIRLESS TECHNOLOGY

TRIAX AIRLESS PISTON PUMP PATENTED TECHNOLOGY

- Consistent application coverage delivered in high production with coarse or fine spray methods
- Up to 10X the productivity of other electrostatic models – up to 69 bar!
- Complete surface coverage to meet chemical dwell time requirements

RAC X FFLP & LP SWITCHTIPS PATENTED TECHNOLOGY

- RAC X Airless SwitchTips deliver best atomization at industries lowest pressure to ensure complete surface coverage
- Choose from over 35 RAC X LP QuickChange tip sizes to meet spray performance Needs
- Tool less exchange in seconds

POWERED BY DEWALT PATENTED TECHNOLOGY

- Proven quality, contractor recognized battery manufacturer
- 3-LED fuel gauge system allows immediate feedback on state of charge
- Battery protected from harsh chemical exposure

ADJUSTABLE PRESSURE CONTROL

- Adjust motor speed to spray at virtually any speed that the job demands - hear it working
- More control allows users to spray at the performance they choose
- Adjustable pressure control ranges from 0-69 bar

SANISPRAY HP BREAKTHROUGH

COMPLETE AND CONSISTENT COVERAGE

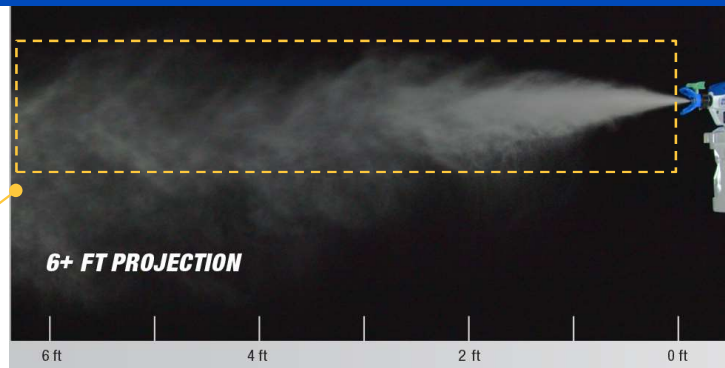

**PATENTED
TECHNOLOGY**

SUPERIOR POWER

Power to
project to all
surfaces

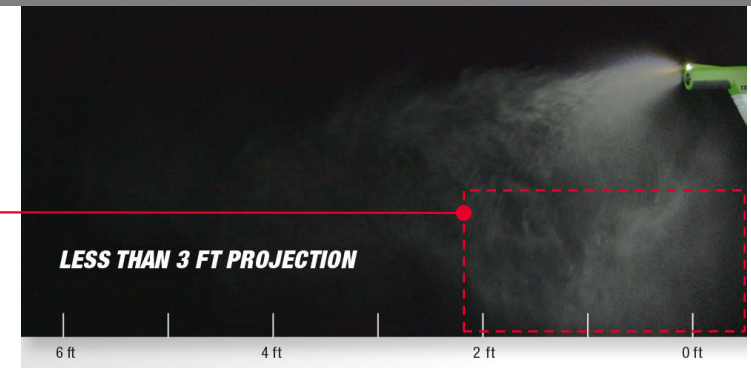

6+ FT PROJECTION

COMPETITOR LIMITED POWER

Wasted chemical
doesn't reach target
surfaces

LESS THAN 3 FT PROJECTION

SUPERIOR COVERAGE

Complete
Coverage on
Larger Surface

COMPETITOR LIMITED COVERAGE

Poor coverage results in
more spray passes requiring
additional labor hours

PROVEN QUALITY. LEADING TECHNOLOGY.

SANISPRAY HP BREAKTHROUGH

SEE THE DIFFERENCE!

SUPERIOR POWER

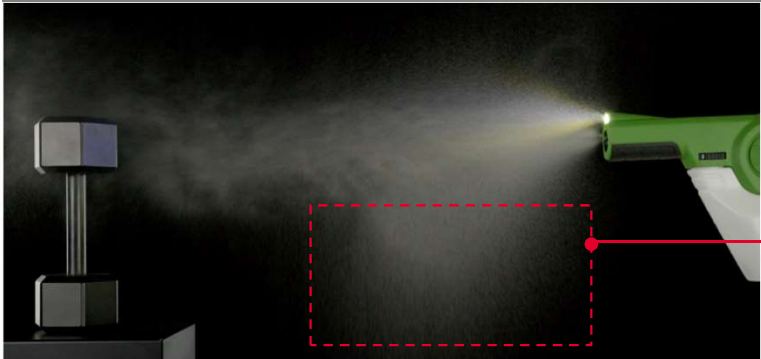

Power to project to all surfaces

VICTORY LIMITED POWER

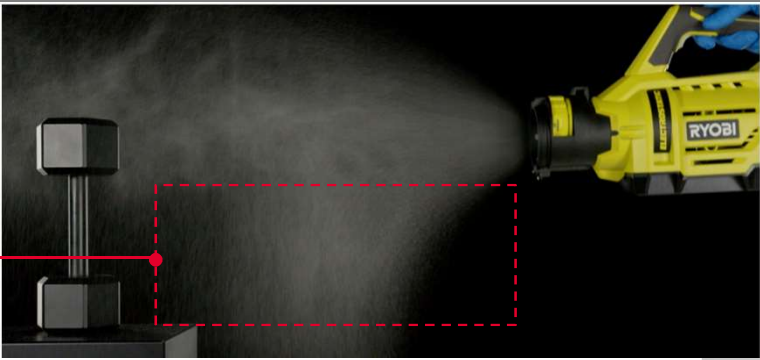

Wasted chemical doesn't reach target surfaces

RYOBI LIMITED POWER

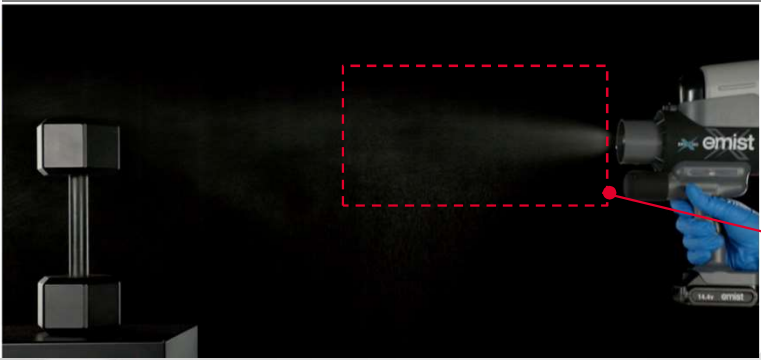

Wasted chemical doesn't reach target surfaces

EMIST LIMITED POWER

Extremely low flow doesn't reach surface

COMPETITIVE PRODUCT COMPARISONS
AVAILABLE SOON ON SALESBOOK

PROVEN QUALITY. LEADING TECHNOLOGY.

SANISPRAY HP BREAKTHROUGH

HIGH PRODUCTION AIRLESS TECHNOLOGY

- Triax Airless Piston Pump with ProConnect
- ProControl II Adjustable Flow Control
- RAC X Low Pressure SwitchTips
- Fill & Spray 1.25L FlexLiner Bag System
- DEWALT 18V Lithium Ion Batteries and Charger

INCLUDES:

- Fine Mist Spray Tip (310)
- Medium & Coarse Spray Tips (313 & 515)
- Wrist & Boot Grounding Straps
- 2 – 18V DEWALT 2.0 ah Lithium-Ion Batteries & Charger
- 5 – FlexLiner Bags, Storage Plug & Tool Bag

PLUS...

INDUSTRIES MOST POWERFUL ELECTROSTATIC TECHNOLOGY

- Patented triple charged piston technology delivers the highest powered electrostatic sprayer available on market

REAL WORLD GROUNDING

- Dual grounding design ensures effective operation

EFFICIENT CHEMICAL USAGE

- Wrapping power coats surfaces faster with less chemical

HIGH POWER LED LIGHT

- Provides light in dark spaces to ensure complete coverage is delivered

ELECTROSTATIC POWER SWITCH

- Turn on electrostatic power with the flip of a switch

SANISPRAY HP BREAKTHROUGH

HOW DOES GRACO ELECTROSTATIC WORK?

1 MATERIAL CHARGED INSIDE THE PUMP - PATENTED TECHNOLOGY

- Disinfectant is pumped through the Triax Piston Pump that simultaneously pressurizes and positively charges chemical in three pistons
- PowerBoost delivers 30% more charge than traditional electrostatic sprayers to support higher volume output

2 PROVEN REAL WORLD GROUNDING SOLUTION

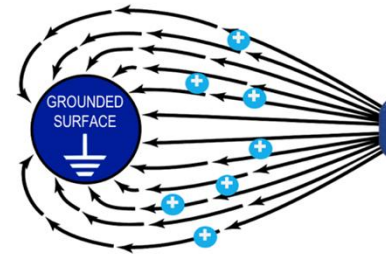

- Two grounding contacts for maximum reliability – even when wearing gloves
- Oversized grounding bar ensures maximum contact with palm of hand
- Comfortable wrist & boot grounding straps deliver consistent performance throughout the day

3 DROPLETS ARE ATTRACTED TO SURFACE TO DELIVER COMPLETE COVERAGE

- Higher charged particles deliver best wrapping performance
- Particles are drawn to entire grounded surface and wrap around object

PATENTED
TECHNOLOGY

3 DROPLETS ARE ATTRACTED TO GROUNDED SURFACES

1 MATERIAL CHARGED THROUGH PISTONS

2 REAL WORLD GROUNDING SYSTEM

SANISPRAY HP BREAKTHROUGH

WRAP SURFACES WITH MORE POWER PATENTED TECHNOLOGY

- Highest powered electrostatic sprayer available on market
- Delivers improved wrapping effectiveness
- Delivers consistent electrostatic charge from full to low battery level
- Delivers consistent coverage on complicated objects to meet contact times required by chemical manufacturers

REAL WORLD GROUNDING SYSTEM – EVEN WHILE WEARING GLOVES

- Oversized grounding bar ensures maximum contact with palm of hand
- Comfortable wrist & boot grounding straps delivers consistent performance throughout the day - 100% effective even with commonly worn gloves

PROVEN QUALITY. LEADING TECHNOLOGY.

SANISPRAY HP *BREAKTHROUGH*

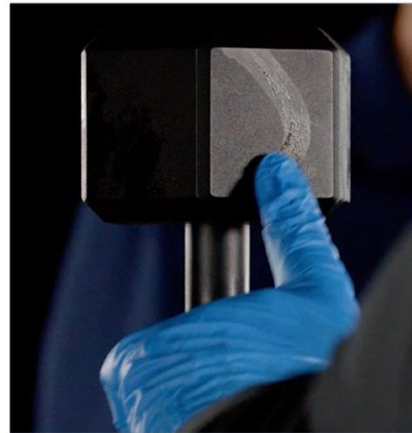

SUPERIOR COVERAGE ON COMPLEX OBJECTS

1 *SPRAY TEST TO
COMPARE WRAPPING
PERFORMANCE*

2 *WIPE TO COMPARE
COVERAGE ON
THE BACK SIDE*

3 *ONLY SANISPRAY HP DELIVERS
SUPERIOR WRAPPING COVERAGE*

PROVEN QUALITY. LEADING TECHNOLOGY.

***SANISPRAY HP* BREAKTHROUGH**

POWERED BY DEWALT LITHIUM ION BATTERY SYSTEM PATENTED TECHNOLOGY

- Proven quality, contractor recognized battery manufacturer
- Innovative design protects battery from harsh chemical exposure
- 3-LED fuel gauge system allows immediate feedback on state of charge

HIGH POWER LED LIGHT

- Provides visibility in dark spaces to ensure complete coverage is delivered
- Turns on to notify end user when Electrostatic Power is engaged
- Efficient operation ensures maximum run time

SANISPRAY HP BREAKTHROUGH

TARGET DISINFECTANTS TO FIGHT COVID-19

- Approved alcohol-based active ingredients— Ethanol or isopropanol (Except for SaniSpray HP20 corded and SaniSpray HP 20 electrostatic)
- Approved water-based active ingredients— Aldehydes, Phenols, Quaternary Ammonium Compounds, Sodium Hypochlorite (Bleach), Peroxyacetic Acid, Hydrogen Peroxide, Hypochlorous Acid
- **Consult with the material manufacturer to confirm spray application, carefully following all directions on the label, including but not limited to any requirements for pre-cleaning surfaces and personal protective equipment**

Active ingredients

Alcohol-based (Flammable)—
Ethanol, Isopropanol

Non-Alcohol Based—
*Aldehydes, Phenols, Quaternary Ammonium
Compounds, Sodium Hypochlorite (Bleach),
Peroxyacetic Acid, Hydrogen Peroxide,
Hypochlorous Acid*

SANISPRAY HP PROPACK SYSTEM

SPRAY LONGER WITH LESS REFILLS

OVER 9X THE CAPACITY FOR A HIGHER LEVEL OF PORTABILITY

- Holds up to 11.5 litres of material – continuous spray without refilling on a single battery charge
- Spray larger facilities with ultimate portability

COMFORTABLE, ERGONOMIC BACKPACK

- Portable Carry Handle
- Evenly distributes the weight of the material on your back
- Adjustable waist and support straps for a secured comfortable fit

LIGHT WEIGHT DESIGN

- Spray a longer period of time with less fatigue

WIDE MOUTH FILL PORT

- Allows easy filling without spills or drip

REMOVABLE INLET FILTER

- Ensures reliable operation
- Removes contaminants out of system
- Removable for easy cleaning

INCLUDES:

- ProPack System
- 11.5 Litres Material Container
- 1.8 M Material Hose Set

COMPATIBLE WITH THE FOLLOWING MODELS:

SANISPRAY HP20

SANISPRAY HP 20
Electrostatic

1 FILL HOSE
GRACO

2 CONNECT

3 PRIME

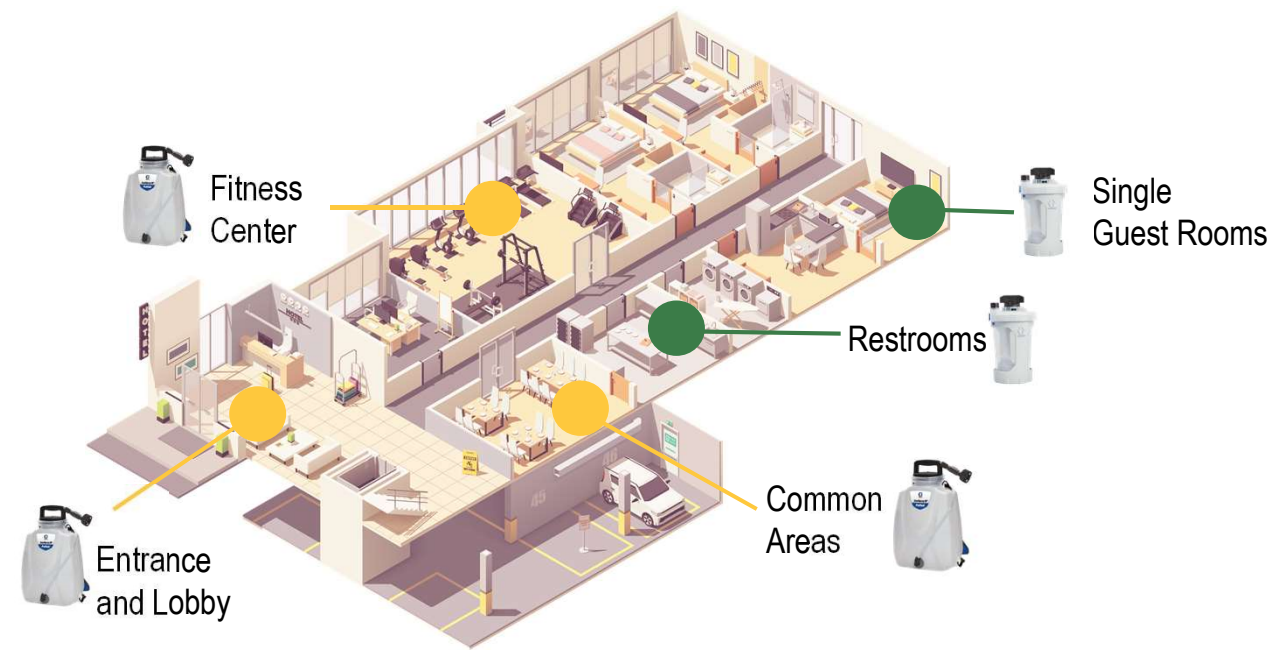

4 SPRAY

SANISPRAY HP BREAKTHROUGH
